Some helpful thoughts on life....

Sometimes you're unsatisfied with your life, while many people in this world are dreaming of living your life....

A child on a farm sees a plane fly overhead and dreams of flying... but, a pilot on the plane sees the farmhouse and dreams of returning home.

If wealth is the secret of happiness, then the rich should be dancing on the streets... but, only poor kids do that.

If power ensures security, then officials should walk unguarded. but those who live simply, sleep soundly.

Make peace with your past so it won't disturb your present.

What other people think of you is none of your business.

Time heals almost everything. Give it time.

No one is in charge of your happiness, except you.

Don't compare your life to others and don't judge them. You have no idea what their journey is all about.

Stop thinking too much. It's alright not to know the answers. They will come to you when you least expect it.

Smile. You don't own all the problems in the world.

Lord, may we, Live Simply, Walk Humbly and Love Genuinely...

And be thankful to God for the life You have given us.
